Complaints and Disputes Guide

Complaints cover maintenance, noise, safety, and neighborhood issues affecting your tenancy.

File a complaint through the complaints module with the unit number, description, and any photos.

Each complaint has a status: OPEN, IN_PROGRESS, or RESOLVED. You can track progress in the portal.

Deposit disputes are separate and relate only to deductions taken from your security deposit.

Attach evidence such as move-in and move-out photos, bills, and repair quotes to support your case.
